The 20th Symposium  
for Computer  
Applications  
in Radiology

**ANNUAL MEETING 2003**

*Boston*

**Information Explosion:  
Embracing Our Future**

**JUNE 7-10, 2003 • BOSTON, MASSACHUSETTS  
SHERATON BOSTON HOTEL • HYNES CONVENTION CENTER**

**The 20th Symposium for  
Computer Applications in Radiology**  
Sheraton Boston Hotel and Hynes Convention Center  
Boston, MA • June 7-10, 2003  
Register at [www.scarnet.org](http://www.scarnet.org)

The meeting that addresses the  
“**Information Explosion: Embracing Our Future**”

- Learn the absolute essentials on PACS, RIS, CR, DR, Teleradiology, Speech Recognition, and CAD at SCAR University.
- Attend the SCAR 2003 Keynote Address by Raymond Kurzweil, the inventor of computer-based speech recognition and the futurist author of the best selling book, *The Age of Spiritual Machines, When Computers Exceed Human Intelligence*.
- Participate in the Closing Session that will explore an impending paradigm shift in image interpretation. Invited speakers from the CIA, NASA, and the entertainment industry will present the latest technological advances to manage large data sets.
- Learn from the “Boston experience” at special sessions taught by faculty of top Boston universities. Tour the electronic imaging activities at leading Boston healthcare facilities.
- Attend technical exhibits of the leading providers of radiology computer and information technology hardware, software, and services.

For more information or to register, go to [www.scarnet.org](http://www.scarnet.org) or call **703-757-0054**. Watch for registration materials to arrive in early February.
